

BC Bid Advertisement

*****Summary Details*****

The University of British Columbia is seeking proposals from qualified and experienced vendors who can meet or exceed the requirements listed in the RFP, and to supply and deliver an Aerial Robotics GT-25 Gyrotrac UAV, extra parts and training.

Interested proponents can download documents pertaining to this advertisement by logging on to the Bonfire procurement platform <https://ubc.bonfirehub.ca/>. Please do NOT request these documents directly through the contact person listed above.

Thank you for your interest working with The University of British Columbia.

*****Submission Notes*****

Proposal submissions are to be submitted electronically via: <https://ubc.bonfirehub.ca/>.

Vendors must acknowledge compliance to the Terms and Conditions and applicable procurement documents.

*****Additional Notes*****

It is the sole responsibility of the vendor to regularly check / monitor Bonfire for any Amendments, Addenda, Questions and Answers related to this Bid.

All responses should be in English.
